This course uses VitalSource which is an electronic bookshelf that contains the required eText (also named e-Book - you do not need to purchase it separately).

eText Access

You will access the eText for this course through the **Content** tool. The first time you click the eText link, it will request that you create a VitalSource Bookshelf account or enter your current VitalSource credentials. To complete this process use the instructions provided below.

Note: You will not need to provide an access code or purchase access to the eText.

When creating your VitalSource account it is recommended that you use your student.cccs.edu email account.
